

40-yard Roll Off..... \$375*

Our biggest container, the 40-yard dumpster is great for large-scale commercial construction projects and cleanups. Larger home or commercial remodel projects would also benefit from this scaled-up dumpster. ***Includes five tons of material.**

Features Comparison

Pickup Truck Equivalent:  x 13

Maximum Capacity: 12,000 – 16,000 lbs

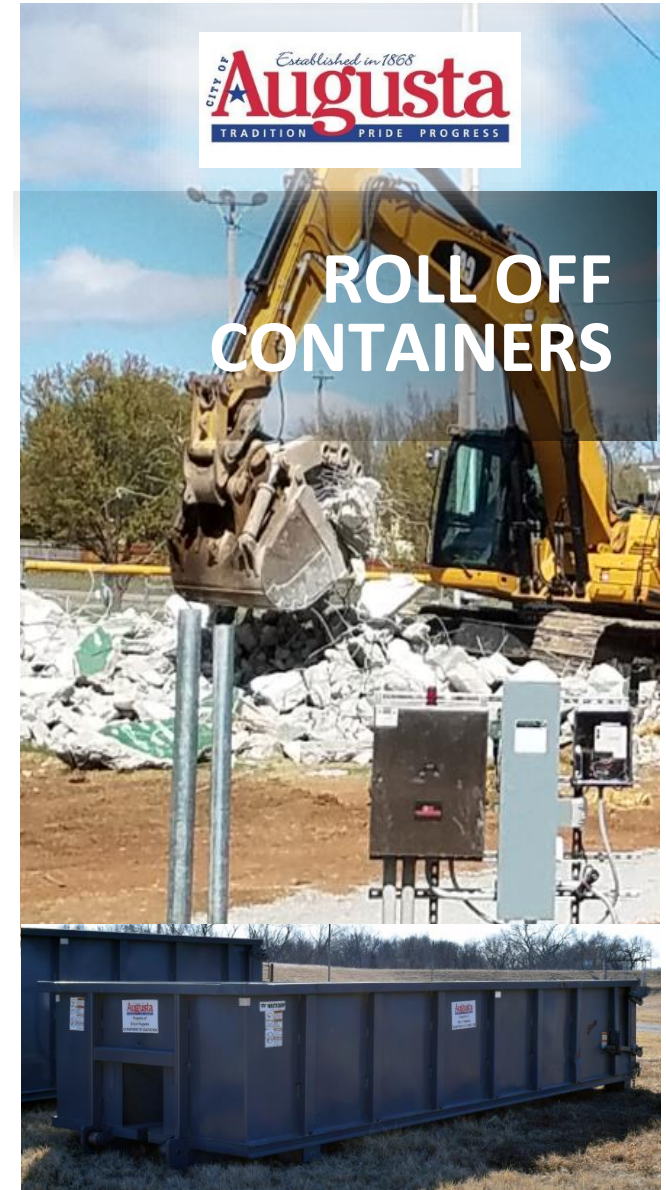

Recommended for:

- ✓ Large remodeling projects
- ✓ Large construction projects
- ✓ **Heavy Duty Materials:** *Do not request a 40-yard dumpster for asphalt, concrete, or similar masonry materials as the weight capacity will be exceeded. Request a 20-yard or smaller instead. Overages will be billed to the customer.*

RENTAL TIPS

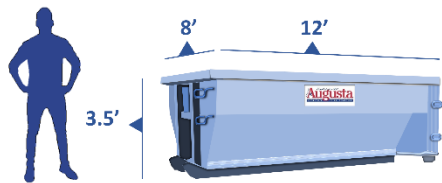

- ✓ A service agreement is required. Service agreements are available at the Utility Office at 111 E. 6th Ave. Fees are applicable.
- ✓ The rental period is up to 14 days.
- ✓ Roll-off trucks must have 50 feet of straight, clear access to approach and engage the container. All container sites must have a minimum height clearance of 25 feet.
- ✓ It is the customer's responsibility to provide an accessible location for the container.
- ✓ Customers will assume responsibility for damage to or loss of the rented container(s).
- ✓ Roll-off dumpster delivery and pick-ups must be scheduled one day in advance, Monday – Friday, 8 a.m. – 4:30 p.m. No weekend service will be provided.
- ✓ Roll-off dumpster containers will be set on private property. Under no circumstances will dumpsters be set in the street or any part of the public right-of-way.
- ✓ Material must be contained within the dumpster. See the service agreement for a list of unacceptable materials.

10-yard Roll Off..... \$225*

Our dumpster with the tiniest footprint, the 10-yard is great for small projects or when space on site is hard to come by. These dumpsters can handle home renovations and roofing projects, but fit comfortably in a tight driveway. ***Includes one ton of material.**

Pickup Truck Equivalent:  x 3

Maximum Capacity: 3,000 – 4,000 lbs

Recommended for:

- ✓ Small remodeling (single or couple room) projects
- ✓ Roofing materials/asphalt shingles (< 1,400 sq. ft)
- ✓ Carpet and flooring jobs (< 2,000 sq. ft)
- ✓ Spring cleaning the clutter out of your garage or basement
- ✓ Apartment cleanouts / furniture items disposal
- ✓ **Heavy Duty Materials:** Okay dumpster for small asphalt, concrete, bricks & masonry cleanup but 20-yd is recommended.

20-yard Roll Off..... \$275*

Our most commonly rented dumpster, the 20-yard is great for small projects or when space on site is hard to come by. These dumpsters can handle home renovations and roofing projects, but fit comfortably in a tight driveway. ***Includes three tons of material.**

Pickup Truck Equivalent:  x 7

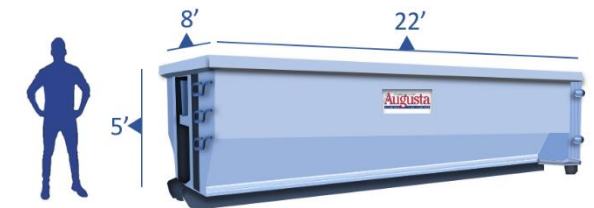

Maximum Capacity: 5,000 – 7,000 lbs

Recommended for:

- ✓ Small remodeling (single or couple room) projects
- ✓ Roofing materials/asphalt shingles (< 2,800 sq. ft)
- ✓ Carpet and flooring jobs (< 4,200 sq. ft)
- ✓ Spring cleaning your garage or basement
- ✓ Large tree branches and stumps
- ✓ Driveway/sidewalk demolitions
- ✓ **Heavy Duty Materials:** Best dumpster for asphalt, concrete, bricks, and masonry cleanup.

30-yard Roll Off..... \$325*

Our 30-yard dumpster is a great selection when a smaller 20-yard just won't cut it. Taller wall heights make this dumpster a better option for bulky items and furniture as well as larger home remodeling projects. ***Includes four tons of material.**

Pickup Truck Equivalent:  x 10

Maximum Capacity: 7,000 – 10,000 lbs

Recommended for:

- ✓ Medium-size remodeling (multiple rooms) projects
- ✓ Roofing materials/asphalt shingles (< 4,000 sq. ft)
- ✓ Commercial construction and renovations
- ✓ Cleaning clutter out of garage and basement
- ✓ Taller walls great for furniture and bulky items
- ✓ **Heavy Duty Materials:** **Do not request a 30-yard dumpster for asphalt, concrete, or similar masonry materials as weight capacity will be exceeded. Request a 20-yd or smaller instead. Overages will be billed to the customer.**
